Student View of the Completed ALEKS Pie

Below is an example of what the ALEKS Pie looks like when a student has completed all topics in each slice.

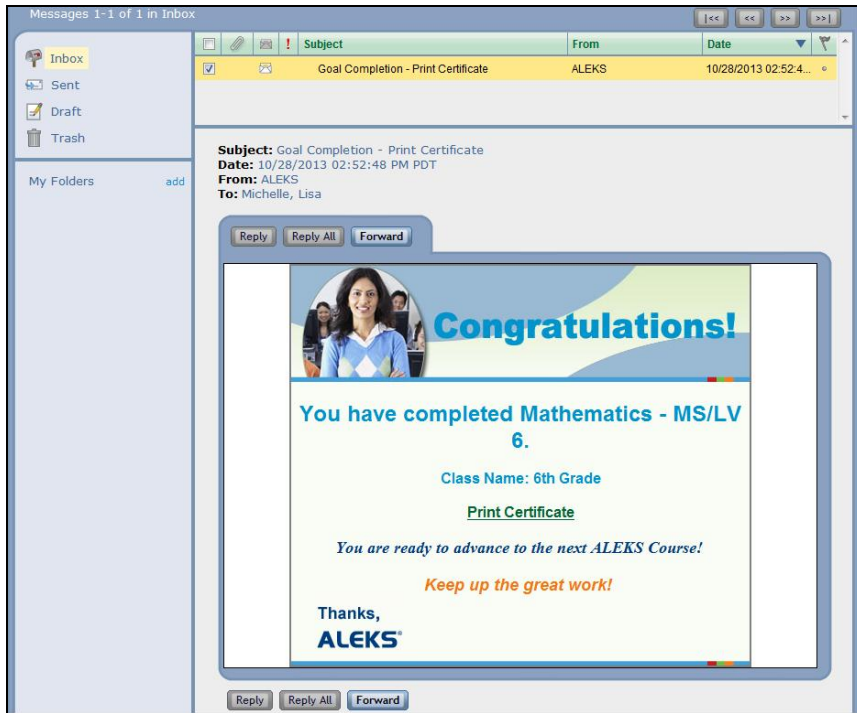

Certificate of Achievement

A message appears above the ALEKS Pie to inform the student that she is ready to advance to the next ALEKS class. Clicking on **View Certificate** from the onscreen message displays the student's Certificate of Achievement. Clicking on **Print** displays a printable PDF version of the certificate.

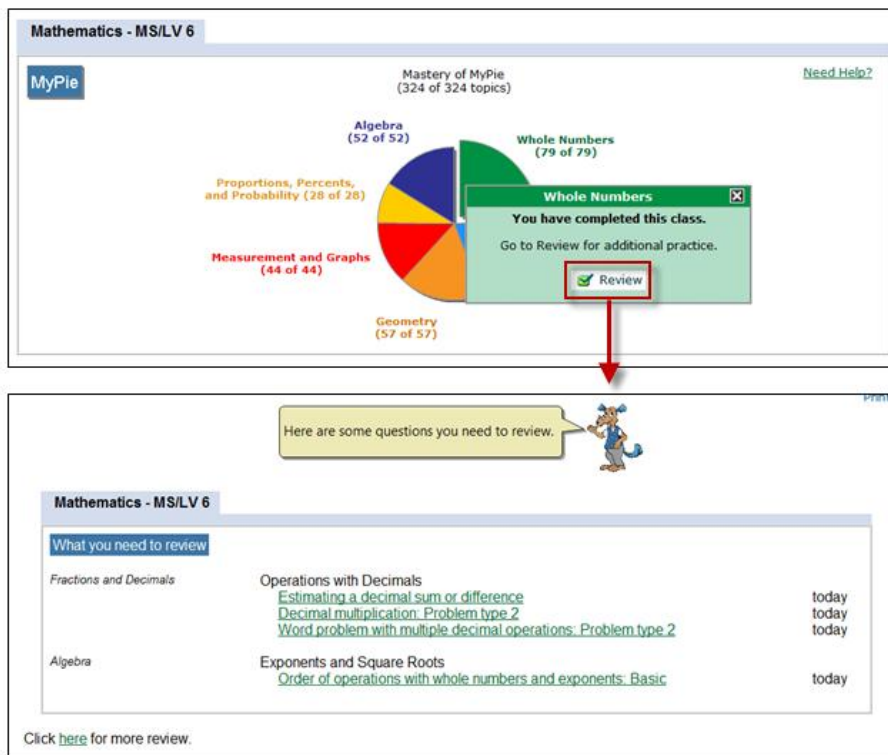

Completed ALEKS Pie View

The student also receives the certificate in her ALEKS Message Center inbox.

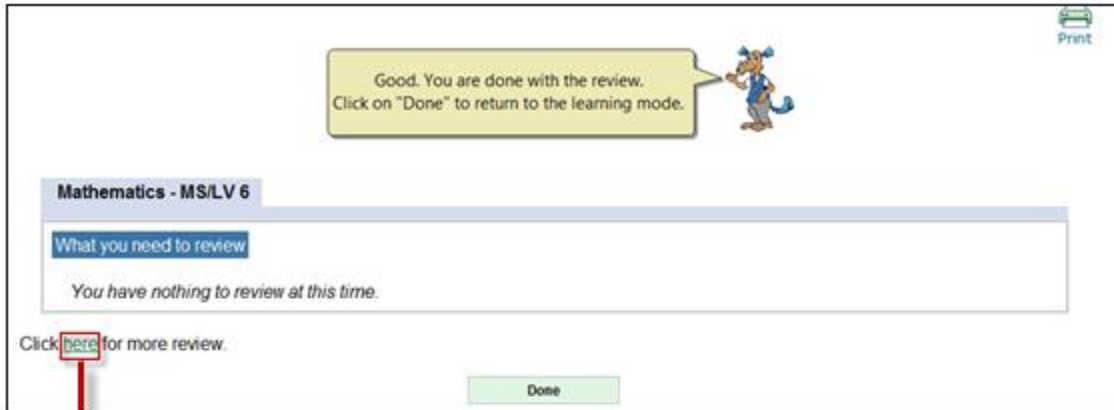

Reviewing Topics from the Completed ALEKS Pie View

For additional practice, the student can review topics by clicking on **Review** after selecting a slice.

When the student has practiced all topics in review, she can click on the bottom link for more topics.

Good. You are done with the review.
Click on "Done" to return to the learning mode.

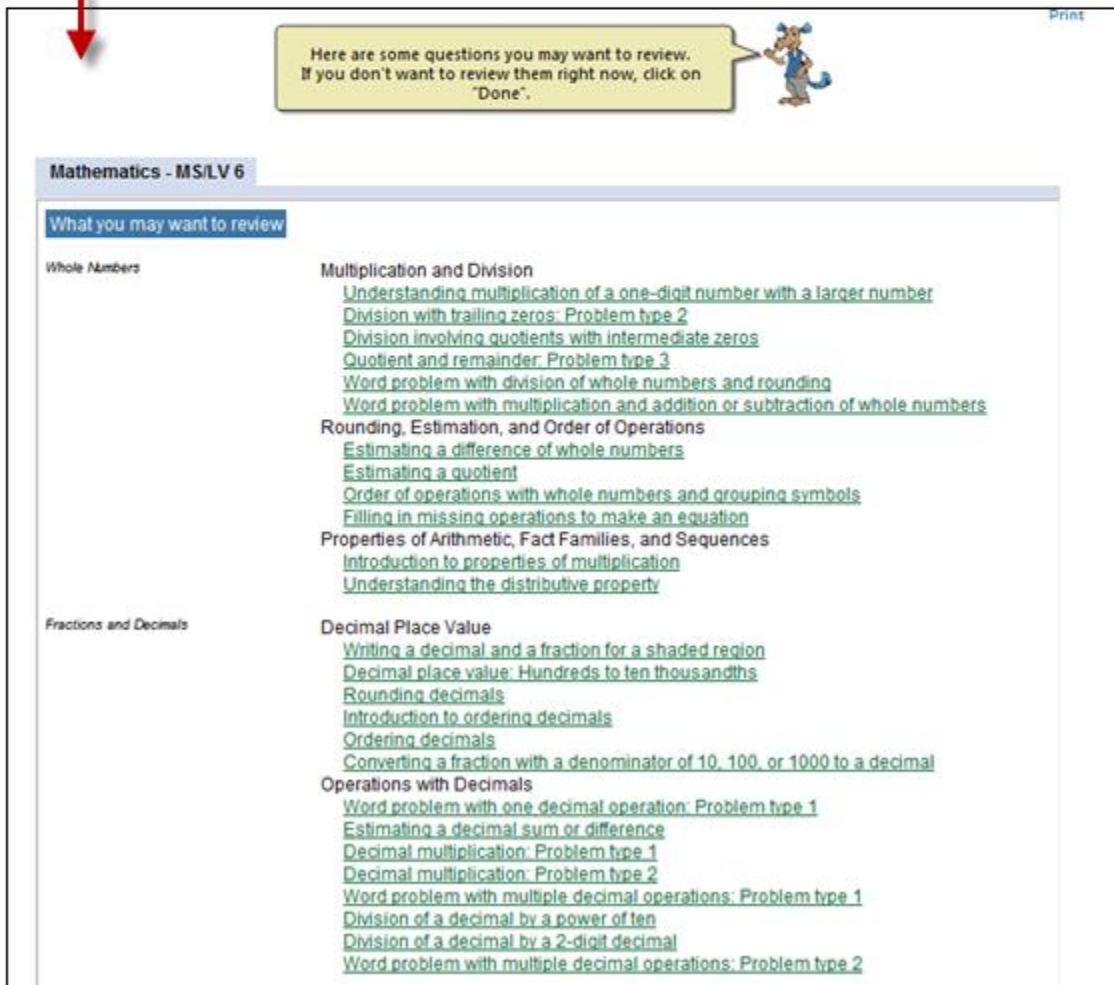

Mathematics - MS/LV 6

What you need to review

You have nothing to review at this time.

Click [here](#) for more review.

Done

Here are some questions you may want to review.
If you don't want to review them right now, click on "Done".

Mathematics - MS/LV 6

What you may want to review

Whole Numbers

- Multiplication and Division
 - [Understanding multiplication of a one-digit number with a larger number](#)
 - [Division with trailing zeros: Problem type 2](#)
 - [Division involving quotients with intermediate zeros](#)
 - [Quotient and remainder: Problem type 3](#)
 - [Word problem with division of whole numbers and rounding](#)
 - [Word problem with multiplication and addition or subtraction of whole numbers](#)
- Rounding, Estimation, and Order of Operations
 - [Estimating a difference of whole numbers](#)
 - [Estimating a quotient](#)
 - [Order of operations with whole numbers and grouping symbols](#)
 - [Filling in missing operations to make an equation](#)
- Properties of Arithmetic, Fact Families, and Sequences
 - [Introduction to properties of multiplication](#)
 - [Understanding the distributive property](#)

Fractions and Decimals

- Decimal Place Value
 - [Writing a decimal and a fraction for a shaded region](#)
 - [Decimal place value: Hundreds to ten thousandths](#)
 - [Rounding decimals](#)
 - [Introduction to ordering decimals](#)
 - [Ordering decimals](#)
 - [Converting a fraction with a denominator of 10, 100, or 1000 to a decimal](#)
- Operations with Decimals
 - [Word problem with one decimal operation: Problem type 1](#)
 - [Estimating a decimal sum or difference](#)
 - [Decimal multiplication: Problem type 1](#)
 - [Decimal multiplication: Problem type 2](#)
 - [Word problem with multiple decimal operations: Problem type 1](#)
 - [Division of a decimal by a power of ten](#)
 - [Division of a decimal by a 2-digit decimal](#)
 - [Word problem with multiple decimal operations: Problem type 2](#)
